Description

The 3M™ Aluminized Polycarbonate Faceshield Window helps protect against impact and heat in high temperature applications. With an easy-pivot assembly and extra thickness, it is great for bright, high heat furnace operations.

3M™ Aluminized Polycarbonate Faceshield Window helps protect against impact and heat in high-temperature applications. With an easy-pivot assembly and extra thickness, it is great for bright, high-heat furnace operations.

Details

- Aluminized window reflects up to 80% radiant heat
- Meets High Impact requirements of ANSI Z87.1
- Protects against impact from flying particles
- Window is a full 0.8 in (2 cm) thick—great for high heat furnace-type operations

Specifications

Extended Specifications

Color Family	Green
For Use With	3M™ Headgear Systems
Unit Height	9.0 in
Overall Height (Metric)	23.0 cm
Unit Length	14.5 in
Overall Length (Metric)	36.83 cm
Unit Width	8.0 in

Overall Width (Metric)	20.32 cm
Product Number	82509-00000
Product Type	Faceshield Window
Recommended Application	Assembly
Recommended Industry	Automotive
Shape	Molded
Certifications	ANSI Z87.1
Visor Coating	None
Visor Color	Dark Green
Visor Material	Polycarbonate
ECCN	EAR99
HS Code / Commodity Code / Customs Tariff Code	3926909989
Return Policy Description	0-6: 15%; >6: no return
Country of Origin	Taiwan
UNSPSC	46181700
